

RUSH COUNTY GIRL EXPIRES IN FRANCE

Was Niece of Mr. and Mrs. Leslie Hospital, Born and Reared Near Mays, is Dead

DEATH CAUSED BY PNEUMONIA

Was Niece of Mr. and Mrs. Leslie Pugh of Near Mays and Sister of Rev. Carl Berry

The war has again been brought home to Rush county—this time by the death of Miss May Berry, a nurse with the Lilly Base hospital unit in France, who was born and reared near Mays and had relatives living there. A few weeks ago news was received of a Rush county boy with the Canadian overseas army being gassed, Miss Hazel Bennett and Miss Ruth Dillon, formerly of this city, and Russell Krpatrick and Neff Ashworth of this city are also with this hospital unit.

Miss Berry is the daughter of Mrs. Ida Miller of Frankton, Madison county. She was born near Mays October 26, 1889 and left about twenty-five years ago with her parents, Mr. and Mrs. William Berry, for residence in Madison county.

Miss Berry was a niece of Mr. and Mrs. Leslie Pugh of near Mays, her mother being a sister of Mr. Pugh. Of her near relatives the one best known to Rush county people is the Rev. Carl Berry of Pittsburg, Pa., who was formerly pastor of Center church. She is also survived by two other brothers—Robert Berry of the 151th Infantry at Camp Shelby, Miss., and Howard Berry of Frankton, N. Y.—besides her mother and step-father, Harvey Miller. Her father died sixteen years ago last night near Florida, Ind.

A war department statement last night announced the death of Miss Berry and her mother was notified by a newspaper reporter. When officially notified by the war department, Mrs. Miller will attempt to have her daughter's body brought back home for burial, she said, according to a dispatch from Frankton.

Miss Berry went to Indianapolis eight years ago and entered the Deaconess Hospital to take the training to become a nurse. After a three years' course she was graduated five years ago.

Mrs. Miller stated that her daughter had been a general nurse at Indianapolis for the last five years.

Mrs. Berry, with five other nurses who graduated in her class at the Deaconess Hospital, joined the Indiana hospital unit as nurses last summer and accompanied the unit to France.

The daughter last visited the family home at Frankton in September,

CANDLES LIT FOR SOLDIERS

Service Flag With 22 Stars Presented at Catholic Church

A very impressive service accompanied the presentation of the service flag at St. Mary's Catholic church last evening at eight o'clock. After a talk by the Rev. M. W. Lyons, the altar boys carried the beautiful flag bearing 22 stars to the balcony and allowed the large flag to unfold. As the name of each of the twenty-two young men who have joined the service was called, one of the twenty-two candles on the altar was lit. The flag was presented by a number of the ladies of the church.

\$5,000 LOSS FROM 39 FIRES IN 1917

Report of Fire Department Shows That Loss During Last Year Was Small

9 FALSE ALARMS TURNED IN

Chemical Truck Does Good Work and Saves Property at Two Big Fires Out of City

Thirty-nine fires have occurred in Rushville during the last year and the property loss amounted to \$5,926.50, according to the annual report of the fire department. The number of runs has been very low, Fire Chief Easley reports. The year 1916 was a very fortunate year in this respect, also, for there were only 32 fires during the entire year. In addition to the 39 calls the fire department answered during 1917, there have been 9 false alarms.

The two biggest losses in the city itself during the year were the fire in the building owned by Harry Kramer and occupied by the Jacksonian and other concerns when the loss amounted to \$1,600; and the fire in the blacksmith shop occupied by James Mullen and owned by Miss Laura Trussler when property to the amount of \$1,000 was damaged and lost.

Although not required to do so, the department made two runs to big fires outside of the city limits. The fire in each case would have spread much farther had not the chemical wagon fought the flames. The Theodore Abercrombie property north of the city, which burned with a loss of \$800, and the fire on the Green farm when \$450 damage was done, were the two calls out of the city. Exclusive of these losses, Rushville's loss amounted to \$4,676.50.

Out of nineteen registrants so far examined by Dr. W. S. Coleman, physician member of the county army selection board, only four have been placed definitely in class one as ready to be inducted into the army when the call comes. Some were rejected, others appealed their cases to the medical advisory board and a few were sent to the advisory board for confirmation of Dr. Coleman's examination.

The army selection board was on the job again today classifying registrants as usual, after a rest yesterday while Vorhees Cavitt, retiring sheriff, was busy moving from the jail. The legal advisory board was on duty today, but not so many registrants called as usual.

Nineteen were called for physical examination yesterday and all either appeared or arranged for their examination elsewhere but one—Ora C. Jolley of Milroy. The board has no knowledge of his whereabouts. The draft regulations fix a penalty for failure to appear for examination when called.

One of the nineteen, Earnest A. Shepherd, who registered at Arlington, has his physical examination transferred to selection board No. 18 at Detroit where he now lives. Lewis F. Lytle, who registered here but now lives in Chicago, was examined while he was home for the holidays with his parents, Mr. and Mrs. T. W. Lytle, and was placed in class five on account of physical unfitness. Donald Sparks was examined several days ago and placed in class five.

Of the remaining seventeen, four were passed as physically fit and are ready to be inducted into the army, five were rejected and eight either appealed to the medical advisory board or they were sent to this board by Dr. Coleman for confirmation of his opinion.

1918 FINDS ALLIES OPPOSED TO PEACE

Against Any Teutonic or Russian Terms And Are Not Weakening Before Propaganda.

CAN'T IGNORE THE AGITATION

There Will be an Answer Which Will Show German People Must Rule to Bring Peace.

(By United Press.)

Washington, January 1.—The New Year found the United States and its allies opposed to any peace on Teutonic or Russian terms. Suggestions that the allies were weakening before this Teutonic propaganda have met with positive declarations from the foremost government leaders that there is no change in the situation.

The Kaiser must become the puppet and his people the rulers before this country and its allies will fall. Officials are endeavoring to ignore the peace movement, but are finding that the talk is ruling and they are confronted with the question of answering this insidious propaganda. That partially explains the report that the government heads and allies are considering the terms.

The allies will consult Washington before making a move. There is less talk of victorious peace emanating from Germany than ever before. The American and allies position is that Germany is still insincere in meeting the world halfway but in order that the allies and American position not be misunderstood, there will be a reply.

Some officials suggest that this statement contain even more of the war aims and peace terms than any previous announcement. In any event, it will not be an acceptance. Answering the thought that the kaiser has taken a step toward democracy by conferring more power on Chancellor Hertling, officials declare that this is an effort to quiet rolling German voices for war representation.

TO BRING PEACE BY FORCE

Kaiser Addresses Troops Around Cambrai Christmas Eve.

(By United Press.)

Amsterdam, Jan. 1.—"We are all instruments in the hands of God Almighty," Kaiser Wilhelm told his troops around Cambrai Christmas eve, according to a delayed dispatch just reaching here.

"You must have wondered why God allowed a fourth year with us still at war," he said. "We maintained peace nearly half a century while others disturbed it. So by force we must bring back peace."

German newspapers which featured the kaiser's address are also full of discussion of a great German offensive on the west front.

ALLIES EXCHANGING VIEWS

Consider Action Necessary to Counter German Propaganda

By ED L. KEENE

(U. P. Staff Correspondent.)

London, Jan. 1.—Britain, France, Italy and the United States were understood today to be exchanging views regarding the action which shall be taken by the allies to counter Teutonic peace terms.

According to well defined information here, these terms may take the form of a counter statement of war aims subscribed to by the allies or it may be issued as an analysis of exactly what lies behind the German peace offer.

The allies recognize the proposal as a proffer to them as well as to Russia.

Germany's acceptance of the

Well Wishers of New County Officers Are Given Treat

One custom the war has not hit is that invariable rule of county officials taking office "setting them up." Today the sheriff's office was the place where the "treats were on the house." Ezekial Jones, new sheriff, and P. A. Newhouse, re-elected commissioner, were the new county officials there in person to greet visitors, but Dr. L. M. Green, re-elected coroner, was there in name only as he is serving as first lieutenant with the 139th field artillery at Camp Shelby, Miss. Apples, cigars and candy were given the well-wishers of the new officers.

SHORTAGE CLOSES 2 MORE FACTORIES

Situation is Still Serious With No Coal in City and Several Factories Closed Down

WARMER WEATHER PREDICTED

Pinnell and Tompkins and Case Mill Are Forced to Close, Having No Coal

Two more factories were forced to close their doors today because of the fuel shortage. Pinnell and Tompkins and the Case Mill closed for the first time on account of the situation and several others are in danger of having to shut their doors at any time.

The Innis and Pearce factory has procured enough coal to run for some time and has opened up after having been closed for several weeks. The Parke furniture factory which closed at about the same time has not yet started to running.

The Chas. E. Francis factory obtained one load of coal yesterday in time to "tide it over" and has the promise of a carload in the near future. At present their supply is almost exhausted.

Retail dealers, as they express it "haven't one lump of coal," and the frequent calls they receive for any amount of fuel shows that there is suffering on account of the cold and no fuel.

The temperature last night registered as low as 4 degrees below zero. This was the coldest time during the night and at 7 o'clock this morning the thermometer had risen to 6 above zero. A snow began to fall early this afternoon and the prediction for tomorrow is for snow or rain. The weather man also promises warmer weather for tomorrow.

Rushville Girl Starts A Conservation Move

Marian McMillin, Demonstration Agent for Purdue, Suggests Corn Pone Idea to Institutes

SPREADS OVER THE STATE

To Miss Marian McMillin of this city, with the extension department of Purdue university, goes the credit for the encouragement to the corn pone idea which is spreading all over the state, as one of the food conservation measures.

This movement started in Parke county, at Portland Mills, at the suggestion of Miss McMillin, demonstration agent, as the outgrowth of the "Hoover" menu idea advanced by the national and state food administrations. Prizes for the best durns and patches also are being won by Hoosier girls at the institutes.

SPIRITUALITY OF DEEPER SORT NEED

Rev. C. J. Bunnell Says Churches Have All Facilities Necessary But This One Thing

WEEK OF PRAYER IS STARTED

Tonight's Service Will be at St. Paul's M. E. Church and The Rev. Mr. Parker Will Preach

The crying need for deeper spirituality was the keynote of the week of prayer meetings struck by the Rev. C. J. Bunnell of the First Baptist church in his address at the opening service held in the First Presbyterian church last evening. A very interested company of people made up of the members of the congregations of the city attended the first meeting at which a fine spirit was exhibited. The Rev. D. Ira Lambert of the First Presbyterian church presided, the Rev. John Aiken of the United Presbyterian read the scripture, the Rev. C. S. Black of the St. Paul's M. E. church lead in prayer. Miss Sylvia Wolters accompanied at the organ by Mrs. George Hogsett, sang a beautiful solo, "Just for Today."

This evening's meeting will be held at the St. Paul's M. E. church at 7:30 o'clock when the Rev. Mr. Parker of the Christian church will speak. Everyone is cordially invited to attend the meetings which will continue throughout the week. The meeting tomorrow evening will be held at the First Baptist church when the Rev. D. Ira Lambert will speak.

"Our churches of today have the means, they have the facilities, they have all they need in fact except deeper spirituality," began the Rev. C. J. Bunnell in his address as he outlined the need of the churches today and the results obtained if these needs were fulfilled. For his text, he chose the first few verses of the third chapter of 1st Corinthians, "And I brethren, could not speak to you as unto spiritual but as unto carnal as babes in Christ" and twelfth verse of the fifth chapter of Hebrews, "For when by reason of time ye ought to be teachers, ye have need again that someone teach you the rudiments of the first principles of the oracles of God."

"As the scripture suggests," he said, "today we are babes in Christ when we should be strong and workers for Christ. The churches today need greater efficiency and greater results would be obtained. As we leave this, the old year, and face the New Year let us turn our faces forward to make it the greatest in the spiritual way in the history of our country. We are not as pious as we should be. We are too cold and like the little girl who came home from

Only One Divorce Suit in Decade in Early Days Here

Posthumous Article by Granville Cowing, Former Local Editor, Recalls Interesting Incidents

DIED AT MUNCIE DECEMBER 20

A posthumous article by Granville Cowing, one time editor of the paper which later became the Republican and uncle of J. L. Cowing of this city, who died at Muncie December 20, recites many interesting things that happened during his ten years residence here, among them the fact that only one divorce case was tried here in a decade, and it was so unusual that it was widely commented upon.

The posthumous article was written less than two years ago for W. H. McClung of Muncie, whose father was one of the pioneer newspaper men of Indiana and a close friend

of Mr. Cowing. It appears in the Muncie Star as follows:

I entered the office of the Rushville Whig in the spring of 1840, and continued in it as apprentice, journeyman or partial owner until November 1849, my entire term of service after acquiring an interest in the business, covering a period of five years.

Turnpikes, railroads, buggies, carriages, kerosene, Jersey cattle, gas, telegraph, telephone, autos, paved streets, beggars and persons anxious to spit on the American flag were then all of the future. Possibly the people were then more happy than now, as want and extreme poverty and the present mad rush for wealth were then unknown.

All supplies for merchandises were brought to the middle of Indiana from Cincinnati by a trusty Irishman.

EACH TOWNSHIP A UNIT IN WAR WORK

Wayne County Suggests That Every Nook and Corner Be Organized As War Working Units

REGISTER EVERY PERSON

Each Township to be Unit of County Each County of States and Each State of Nation

(By United Press.)

Richmond, Ind., Jan. 1.—Organization of every township in Indiana, with every man, woman and child as a unit member for war work, has been urged by influential leaders in war activity of Wayne county. The plan which was the outgrowth of the food pledge card campaign in Wayne county when every woman in the county was card indexed will be placed before the state council of defense.

The plan includes the registration of every person.

Dr. I. S. Harold, who has proposed the plan said today:

"For the purpose of bringing home to every nook and corner of the country the tremendous part that our nation is expected to take in the world crisis, and to maintain the high ideals as stated by our president, we should organize every township as a unit of the county, every county as a unit of the state, and every state as a unit of the nation.

"Every citizen should be registered by township and given a registration card. No man or woman over 15 years of age should be exempt from this registration. A copy of this registration card should be filed in the county seat which shows whether the person is loyal, active or inactive, doubtful or disloyal.

"This is the purpose of assisting the state and county councils of defense in war work. It should be conducted under their supervision.

This organization would be available for all war work. It would conduct Liberty bond, Red Cross and food campaigns. In increasing food production, the agriculture department could use such an organization to reach the farmers."

COLD HITS SAMMIES IN MARCH IN FRANCE

After The Hike, They Rest in Village in France Suffering With Frozen Feet and Frostbites

(By United Press.)

American Field Headquarters, Jan. 1.—A certain picked cracker-jack division of American troops broke a heart-breaking hike today with a rest in a certain ancient village in France with dozens of its men crowding hospitals with frozen feet, frost-bitten faces and other ailments due to the bitter cold.

The marchers arrived at a group of primitive villages last night after fighting the wind in their march for many hours. After a supper of hot soup and stew the Sammies crawled into barns fully dressed. They wrapped up in their heavy blankets to keep warm.

INDIANA SENDS SONS TO FRONT

Active State Militia Being Organized For Drill and Service Only Within State

THREE REGIMENTS ORGANIZED

20,000 Volunteers Have Joined Regulars and 2,000 in Navy—Both Far Surpass Quota

Indianapolis, Jan. 1.—Indiana men are being called on to enter many different lines of military activity and service in the big war emergency. The regular army has drawn from Indiana in the last 8 months some 20,000 men, volunteers, though the state's quota was only 5,400.

More than 2,000 Hoosier boys have gone to the navy, though the state's quota was only 800. Indiana has more than doubled her quota for the United States Marines, another volunteer force. These land and sea fighters, the regulars, the navy men and the marines, have gone into the nation's military service to fight when and where they are needed.

The Indiana national guard, made up of volunteers, and including a brigade and part of a second brigade in large part has left the state and will continue to organize for duty outside the state and outside the country as needed. The national guard has been federalized and the Second Artillery now forming is being federalized for foreign service along with the regulars.

The departure of the Indiana national guard makes it necessary to organize the active state militia. Three regiments of the active state militia are in process of organization and will be equipped and trained by the state for service within the state only. The organization is to cover the state. Motor transport corps are being organized to operate with the state militia in emergencies.

The sedentary militia includes all the men in the state who are more than 16 or under 45, the force comprising some 250,000 citizens who, by proclamation of Governor James P. Goodrich, are called on to organize and train in their communities and hold themselves ready to answer the emergency summons of the executive for service within the state.

GERMANY PREPARES FOR OPEN WAREFARE

Since Middle of Year Gun Factories in Germany Have Been Turning Out Heavy Guns

QUADRUPLED ARTILLERY

(By United Press.)

With the French Armies, Jan. 1.—Germany is preparing for open warfare again.

It was learned on high authority today that since the middle of 1917 Teutonic gun factories have been busy turning out heavy guns designed especially for this sort of battle.

Information obtained from high sources shows that since the beginning of the war the Germans have practically quadrupled their heavy artillery. The average is now eight and a half batteries for each infantry division.

GUATEMALA DEATH TOLL IS ABOUT 100

Reports of Loss of Life Exaggerated, President Cadrera Wires Minister Here.

30 PER CENT BUILDINGS LEFT

(By United Press.)
Washington, Jan. 1.—The city of Guatemala was razed in last week's earthquake but the death toll will not exceed 100, according to the reports received today. Reports of the catastrophe have been exaggerated, according to the word that President Cadrera cabled the Guatemala minister here. Many persons were rendered homeless and suffering from exposure, reports state, and the food situation is becoming desperate.

Seven hundred tents will be shipped from a gulf port and a special Red Cross relief ship carrying foodstuffs will arrive at Guatemala Friday. Not more than 30 per cent of all buildings in the city were left standing.

Central Commission Will Investigate. What Reports Show.

(By United Press.)
Washington, D. C., Jan. 1.—The central commission will investigate the high price of shoes and other leather goods. Announcement was made today that Commissioner Davies will direct the action which was determined upon as a result of exceedingly high prices the people are forced to pay. It is found to be a fact that large crops of hides are now on hands and that factories are operating short of their capacity. If necessary President Wilson will be asked for an emergency fund to conduct the investigation.

INDIANA CORN CROP DAMAGED BY FROST

Seed to be Listed by Purdue Experts, Who Will Aid Counties In Disposing of Surplus

HALF OF CROP STILL IN FIELD

(By United Press.)
Lafayette, Ind., Jan. 1.—Half of Indiana's corn crop is still in the field and only about forty percent of the corn growers have selected their seed for next year, a conference of Purdue University seed corn men revealed.

"Reports from the sixteen men showed there probably was enough seed corn to supply the demand in every county," said J. A. McCarthy, of the crops and soils department of the University, "but effects of the hard freeze cannot be ascertained for sometime. However, it is a certainty that the severe cold has damaged a large per cent even of the matured corn, both in the field and hanging up, and only a small per cent of it will do for seed.

"About the wisest thing the farmer can do is to place the best matured ears on a drying rack where artificial heat may be used and then test the corn for its germinating qualities, next spring before planting."

It was proposed at the conference that local farmers' and grain dealers' organizations bend every effort to prevent the marketing and feeding of old corn, and so that it might be used for seed next year and help relieve the shortage as much as possible.

All seed in the state will be listed by Purdue University and an effort will be made to help those counties which have an over supply in disposing of the surplus to counties which face a serious shortage.

1918 FINDS ALLIES OPPOSED TO PEACE

phrase "No indemnities and no annexations" and the concession expressing the right of self determination of all peoples is regarded here as showing the changed temper of the German war leaders and their attempt to take a definite step toward peace.

WANTS A GENERAL PEACE

Representative of Russian Soviet Speaks Regarding Conference.

(By United Press.)

Stockholm, Jan. 1.—"Russia will immediately break off separate peace negotiations if the allies grant passports to a Stockholm international conference and show a disposition honestly to consider that conference's decision regarding a general peace," declared Vorkhovsky, representative of the Russian Soviet today.

"Russia," he declared, "welcomes the action of the British labor party. Russia prefers a democratic general peace rather than an unsatisfactory separate peace.

"As to the allies participation we must have proof that the granting of passports to a Stockholm conference is not a maneuver merely to sidetrack the Russo-German negotiations."

year in which no fires were reported and February, September and December each show six fires to which the department was called. In January and May there was only one fire in each month.

The new chemical auto truck has been added to the fire department equipment only recently and has given excellent service. In several big fires it has more than paid for itself by the property saved by use of the chemicals and by the promptness in reaching the fire.

During the last year the fire department has been composed of Walter Easley, fire chief, Henry Gregg, engineer, William Moffett, a volunteer, and three paid firemen, Chalon Jones, Claire Smith and John Willis.

Patriotism is running rampant at the Gem theatre this week, where yesterday Dustin Farnum opened in a new William Fox production, "The Spy." If the production continues to "catch on" during the rest of its two days' run as well as it did yesterday the theatre walls will be bursting with applause.

"The Spy" is an expose of German methods of espionage in the United States. It combines a mass of thrills with a lack of unnecessary melodrama and it gives an entertainment that is well worth the price of admission. It is a war story without the superfluous battle scenes which producers are now trying to feed to the public.

An Ann Pennington picture without dancing being unthinkable, Director Edward Dillon of Paramount, engineered an incident in her newest picture, "The Antics of Ann," which will give her ample opportunity to display her newest dances. This is in the impersonation of a famous dancer who is scheduled to dance at an entertainment at the hotel where the diminutive heroine is stopping. It is said that the gown worn by Miss Pennington in this scene is one of the most beautiful of her entire collection and was especially designed for, "The Antics of Ann," by Lucille who furnishes designs for nearly all Miss Pennington's gowns. "The Antics of Ann," is to be the featured attraction at the Princess theatre tonight.

Ben Turpin, Mack Sennett's cross eyed comic, recently wanted a phone for his bungalow. Over the phone they told him the price of a party line. "Nix," yelled Ben, "No party line for me—this is a respectable neighborhood!"

Ben is appearing in the Paramount picture, "Are Waitresses Safe?" with clever Louise Fazenda at the Princess theatre tonight.

Doctors Are Boosting It

Still the good work goes on, soon there will not be any more tired, nervous people in our city.

This is caused largely by the widespread use of Phosphated Iron, the new tonic and nerve bracer that has sprung into instant popularity with the medical world.

Phosphated Iron will help any run down, nervous condition almost immediately. It will put fresh iron in the blood, the phosphates taking hold of the nerve centers and bracing them up. You will eat better, sleep better and get up in the morning feeling like doing things; you will feel the old-time vim and snap of youth surging through your veins; you will tackle the day's work with confidence and a smile.

Science has taught us that when we have enough Iron and Phosphorous in the blood and nerves we are healthy; that almost all conditions of ill health and nervousness are due to the lack of Iron or Phosphorous. Phosphated Iron rarely fails to supply the needed amount of both.

Use Phosphated Iron one week and you will forget you were ever nervous, tired out and run down, you can feel it talking hold.

Special Notice.—To insure physicians and their patients receiving the genuine Phosphated Iron we have put up in capsules only, so do not allow dealers to substitute pills or tablets; insist on the genuine in capsules only.—PITMAN & WILSON and leading Druggists everywhere, Rushville, Ind. (Adv.)

Was Feeling All Run Down.

Symptoms of on-coming kidney trouble deserve prompt attention, for neglect invites serious illness. Louis Buckner, Somerset, Va., writes: "I was feeling all run down; tired, with pains in my back. After taking Foley Kidney Pills I felt like a new man." Backache, rheumatic pains, stiff joints, sore muscles, swollen ankles, puffiness under eyes, and sleep-disturbing bladder ailments yield quickly to this time-tried remedy. A boon to middle-aged men and women. F. B. Johnson.

I DIVORCE SUIT IN DECADE IN THE EARLY DAYS HERE

Continued From Page 1

man who endeavored to make the round trip every two weeks if not delayed by mud, floods and unbridged streams. On him and his mules we relied for printing paper and canned oysters. Fresh oysters were not known of at that time. We never quite suspended publication from lack of print paper, but twice we placed subscribers on half rations by issuing only a half sheet.

Ague was then the most general disease and every one was liable to have it when not loaded with quinine.

Only about thirty newspapers were then published in the state and no daily, I believe until about 1845, but tri-weekly issues were made during the sessions of the legislature. The rooster became the emblem of the Democratic party in 1840 after Chapman, editor of the Sentinel, was told "to crow" in order to revive the courage of the rank and file of his party.

In my ten years residence in Rushville I believe only one divorce case was tried and it was a matter of general interest throughout the country. Indiana papers then published no neighborhood news. Had their ordinary movement been printed as they now are every day, there would have been fights innumerable. Marriages and deaths were published but births were never announced.

My partner was one of the best young men I ever knew, but he was not a printer, but was well educated and soon became a fair compositor and able to perform all our press work. We had but one press for both newspaper and job work and the type was inked by an apprentice. Our hours of labor were measured by necessity. Twice while I was an apprentice, two newspaper forms were pried in our office, and in each instance I labored at the case for thirty hours without sleeping or resting and did so most willingly because of my affection for my employer.

I spent my first six months in Washington City in 1850 in the office of the National Era, the national organ of the Free Soil party, in which Mrs. Stowe's "Uncle Tom's Cabin" originally appeared. The paper was edited by Dr. G. Bailey and John G. Whittier, the poet, and in its large composing room William H. Seward, of the anti-slavery party often came to consult together. One of the publishers of the paper happened to hear Seward deliver his notable Higher Law speech in Congress and before leaving took orders for 60,000 copies of it from the others. During that year Henry Clay, Daniel Webster and John C. Calhoun were often seen on the streets of Washington.

Thomas Corwin, secretary of the treasury gave me a very pleasant place in his department in 1850 when I retained for seven years when ill health from the use of tobacco, forced me to resign it and locate three miles north of Muncie, where I remained for fifty years engaged in agriculture and horticultural pursuits, in all of which I have found exquisite pleasure and constant improvement in health. I quit tobacco fifty-four years ago.

Since locating in Delaware County, I have kept in touch with many of the newspaper men of Muncie. Fuller Ethell is still able to write so interestingly of bygone days in Delaware County from his home in the Far West. Perry S. Heath, when young was foreman in Mr. Ethell's printing office and was remarkable for his attractive manners which no doubt greatly helped his rapid advancement when he went to Washington, D. C., Thomas Brady, once owner of Muncie Times, who many years ago was busy in Muncie in newspaper work, is living in Riverside and in comparatively good health. Wildman and McClung, once recent owners of the Muncie Times, was a notable firm and will long be remembered with affection and respect by many of Muncie's older citizens. Mr. McClung was a fine type of the old compositor and editor, editor for more than thirty years, and Major Wildman was noted for his geniality and kindness.

After locating in Delaware County I was occasionally pressed into service by necessities of some of my Muncie friends and was asked to help occasionally on the Muncie News, once while Fuller Ethell visited Washington City for the purpose of securing a desirable place in the government printing office, in which I believe he succeeded. At another

HUNGER MAY ACCOUNT FOR PEACE MOVEMENT

Germany in Worse Position in Food Situation Than U. S. Has Believed For Some Time.

FAR FROM STARVING THOUGH

(By United Press.)

Washington, Dec. 31.—Germany is in a worse position regarding food than this government has believed for some time past. Official figures showed this conclusively today. The pinch of hunger may account for the persistence of Germany's peace movement at this time.

Officials say America should bear in mind that Germany is far from starving today. She is in a position where peace would be advantageous to her and her alone. The Kaiser agreed that Chancellor Hertling should participate in the Brest-Litovsk peace conference, according to a Petrograd dispatch.

This first recent move even remotely representing even stronger democratic tendencies in the German government was regarded as insincere.

church and said that the text had been 'many are cold but few are frozen,' when it should have been 'many are called but few are chosen.' "

"The power of a church can not always be determined by the long roll but by the spirituality of the members, by their loyalty, their consecration. Now more than ever, this deep spiritual power is needed. We know not when in this great crisis we are going to be called upon to show our depth of spirituality. When the crisis comes, we must have the spiritual power to sustain it. Again, the call comes to us to witness to the things of God. Thirty-five hundred people in and near this city do not belong to church. Here is our call. Some lawyers say that the best witness is the one who knows nothing of the case but that is not so when one is witnessing for Christ. "Another need is the larger vision. We must get the world's vision to make the heroic sacrifices that must be made. The call comes for us to get knowledge on God's work. In a spirit of prayer, there must be a more intense study of Christ's word. Rightfully to worship God, we must assemble together, this is true Christians must attend the church services. In short then, Christians are called upon to be more spiritual to serve, worship, assemble together and to study the word. By becoming more spiritual, the other results will be obtained."

The marriage of Miss Jeanette Applegate of Cincinnati and E. B. Poundstone of this city was solemnized yesterday afternoon in Cincinnati, Ohio. The ceremony was performed by the Rev. M. C. McCuern, pastor of the Walnut Hills M. E. church. Miss Applegate was for a time a missionary in Chihuahua, Mexico. She was also for five years a member of the faculty in the college at El Paso, Tex. For the last ten years she has been assistant treasurer of the Woman's Home Missionary society of the church and been located in Chicago and Cincinnati as the duties of her position required.

Mr. Poundstone is one of the well known men of this city and is engaged in the insurance and real estate business. During the last 40 years, he has been engaged in the furniture business, manufacture of buggies, and real estate business. He is a member of St. Paul's M. E. church and has served in several capacities in which he has been very efficient, as choir leader, Sunday school superintendent, and on the official board.

Mr. and Mrs. Poundstone arrived at noon today from Cincinnati and will be at home to their friends at their home at 705 North Harrison street.

Odd Fellows Serve A 'Hoover' Banquet

Judge Will M. Sparks Addresses Lodge at Annual Rabbit Supper Last Night and Degree Team Puts on Exhibition Drill.

"Meatless and wheatless," was the annual rabbit supper given by the Odd Fellows for members and their families at the beautiful Odd Fellows hall last evening and yet perhaps the most successful one ever held. About 175 guests were seated at the long tables arranged in the dining room where the delicious rabbit supper was served. Several members of the lodge dressed as chefs in white caps and coats served the supper. Corn bread substituted for white bread.

Judge Will M. Sparks was the principal speaker on the excellent program which followed the service of the rabbit supper. The speaker complimented the order on their accomplishments for the past year and the forward step they were taking in patriotic movements of today. A patriotic strain ran through the talk as the Judge spoke highly of the work of Red Cross and urged his hearers to co-operate in the work of that society. The members of Franklin Lodge, number 35, who have already gained fame through their degree team work put on a drill which was highly applauded because of the way it was worked out. It was one of the best exhibitions ever given by the order.

The orchestra interspersed the program with varied and pretty selections and played during the informal social before and after the program. Recitations were given by several children of the members. Russell Perrin spoke a clever piece, "The High Cost of Living;" Lillian Gregg, gave a patriotic reading, "Hats Off;" Emerson Price gave a fine reading, "There are Tears in My Heart Today;" and Walter B. Keaton gave another good piece. J. T. Arbuckle presided and introduced each of the numbers.

MONTH OF BRIDES IS OUTDISTANCED

October Holds Record For Largest Number of Marriage Licenses Issued in 1917

TOTAL FOR THE YEAR IS 159

The celebrated month of brides was outdistanced last year by the month of October, when Cupid had the busiest time of all his 1917 career. Marriage license records at the court house disclose that twenty-one couples got official credentials to take the step into marital life during October, whereas in June only sixteen licenses were issued. December was the second best month for the marriage license business. A total of 159 licenses were issued during the year. In 1916 there were 141 issued.

The licenses issued by months were as follows: January, 11; February, 15; March, 4; April, 18; May, 5; June, 16; July, 15; August, 14; September, 10; October, 21; November, 12; December, 18.

RUSH COUNTY GIRL EXPIRES IN FRANCE

Was Niece of Mr. and Mrs. Leslie Hospital, Born and Reared Near Mays, is Dead

DEATH CAUSED BY PNEUMONIA

Was Niece of Mr. and Mrs. Leslie Pugh of Near Mays and Sister of Rev. Carl Berry

The war has again been brought home to Rush county—this time by the death of Miss May Berry, a nurse with the Lilly Base hospital unit in France, who was born and reared near Mays and had relatives living there. A few weeks ago news was received of a Rush county boy with the Canadian overseas army being gassed, Miss Hazel Bennett and Miss Ruth Dillon, formerly of this city, and Russell Kirkpatrick and Neff Ashworth of this city are also with this hospital unit.

Miss Berry is the daughter of Mrs. Ida Miller of Frankton, Madison county. She was born near Mays October 26, 1889 and left about twenty-five years ago with her parents, Mr. and Mrs. William Berry, for residence in Madison county.

Miss Berry was a niece of Mr. and Mrs. Leslie Pugh of near Mays, her mother being a sister of Mr. Pugh. Of her near relatives the one best known to Rush county people is the Rev. Carl Berry of Pittsburg, Pa., who was formerly pastor of Center church. She is also survived by two uncles, Robert Berry of the 151st Infantry at Camp Shelby, Miss., and Howard Berry of Frankton, N. Y., besides her mother and step-father, Harvey Miller. Her father died sixteen years ago last night near Florida, Ind.

A war department statement last night announced the death of Miss Berry and her mother was notified by a newspaper reporter. When officially notified by the war department, Mrs. Miller will attempt to have the daughter's body brought back home for burial, she said, according to a dispatch from Frankton.

Miss Berry went to Indianapolis thirty years ago and entered the Deaconess Hospital to take the training to become a nurse. After a three years' course she was graduated five years ago.

Mrs. Miller stated that her daughter had been a general nurse at Indianapolis for the last five years.

Mrs. Berry, with five other nurses, was graduated in her class at the Deaconess Hospital, joined the Indiana hospital unit as nurses last summer and accompanied the unit to France.

The daughter last visited the family home at Frankton in September.

CANDLES LIT FOR SOLDIERS

Service Flag With 22 Stars Presented at Catholic Church

A very impressive service accompanied the presentation of the service flag at St. Mary's Catholic church last evening at eight o'clock. After a talk by the Rev. M. W. Lyons, the altar boys carried the beautiful flag bearing 22 stars to the balcony and allowed the large flag to unfold. As the name of each of the twenty-two young men who have joined the service was called, one of the twenty-two candles on the altar was lit. The flag was presented by a number of the ladies of the church.

\$5,000 LOSS FROM 39 FIRES IN 1917

Report of Fire Department Shows That Loss During Last Year Was Small

9 FALSE ALARMS TURNED IN

Chemical Truck Does Good Work and Saves Property at Two Big Fires Out of City

Thirty-nine fires have occurred in Rushville during the last year and the property loss amounted to \$5,926.50, according to the annual report of the fire department. The number of runs has been very low, the department reports. The year 1916 was a very fortunate year in this respect, also, for there were only 32 fires during the entire year. In addition to the 39 calls the fire department answered during 1917, there have been 9 false alarms.

The two biggest losses in the city itself during the year were the fire in the building owned by Harry Kramer and occupied by the Jacksonian and other concerns when the loss amounted to \$1,600; and the fire in the blacksmith shop occupied by James Mullen and owned by Miss Laura Trussler when property to the amount of \$1,000 was damaged and lost.

Although not required to do so, the department made two runs to big fires outside of the city limits. The fire in each case would have spread much farther had not the chemical wagon fought the flames. The Theodore Abercrombie property north of the city, which burned with a loss of \$800, and the fire on the Green farm when \$450 damage was done, were the two calls out of the city. Exclusive of these losses, Rushville's loss amounted to \$4,676.50.

Out of nineteen registrants so far examined by Dr. W. S. Coleman, physician member of the county army selection board, only four have been placed definitely in class one as ready to be inducted into the army when the call comes. Some were rejected, others appealed their cases to the medical advisory board and a few were sent to the advisory board for confirmation of Dr. Coleman's examination. The army selection board was on the job again today classifying registrants as usual, after a rest yesterday while Vorhees Cavitt, retiring sheriff, was busy moving from the jail. The legal advisory board was on duty today, but not so many registrants called as usual.

Nineteen were called for physical examination yesterday and all either appeared or arranged for their examination elsewhere but one—Ora C. Jolley of Milroy. The board has no knowledge of his whereabouts. The draft regulations fix a penalty for failure to appear for examination when called.

One of the nineteen, Earnest A. Shepherd, who registered at Arlington, has his physical examination transferred to selection board No. 18 at Detroit where he now lives. Lewis F. Lytle, who registered here but now lives in Chicago, was examined while he was home for the holidays with his parents, Mr. and Mrs. T. W. Lytle, and was placed in class five on account of physical unfitness. Donald Sparks was examined several days ago and placed in class five.

Of the remaining seventeen, four were placed as physically fit and are ready to be inducted into the army when the call comes.

There Will be an Answer Which Will Show German People Must Rule to Bring Peace.

(By United Press.)

Washington, January 1.—The New Year found the United States and its allies opposed to any peace on Teutonic or Russian terms. Suggestions that the allies were weakening before this Teutonic propaganda have met with positive declarations from the foremost government leaders that there is no change in the situation.

The Kaiser must become the puppet and his people the rulers before this country and its allies will fall. Officials are endeavoring to ignore the peace movement, but are finding that the talk is ruling and they are confronted with the question of answering this insidious propaganda. That partially explains the report that the government heads and allies are considering the terms.

The allies will consult Washington before making a move. There is less talk of victorious peace emanating from Germany than ever before. The American and allies position is that Germany is still sincere in meeting the world halfway but in order that the allies and American position not be misunderstood, there will be a reply.

Some officials suggest that this statement contain even more of the war aims and peace terms than any previous announcement. In any event, it will not be an acceptance. Answering the thought that the Kaiser has taken a step toward democracy by conferring more power on Chancellor Hertling, officials declare that this is an effort to quiet rolling German voices for war representation.

TO BRING PEACE BY FORCE

Kaiser Addresses Troops Around Cambrai Christmas Eve.

(By United Press.)

Amsterdam, Jan. 1.—"We are all instruments in the hands of God Almighty," Kaiser Wilhelm told his troops around Cambrai Christmas eve, according to a delayed dispatch just reaching here.

"You must have wondered why God allowed a fourth year with us still at war," he said. "We maintained peace nearly half a century while others disturbed it. So by force we must bring back peace."

German newspapers which featured the Kaiser's address are also full of discussion of a great German offensive on the west front.

ALLIES EXCHANGING VIEWS

Consider Action Necessary to Counter German Propaganda

By ED. J. KEENE

(U. S. Staff Correspondent.)

London, Jan. 1.—Britain, France, Italy and the United States were understood today to be exchanging views regarding the action which shall be taken by the allies to counter Teutonic peace terms.

According to well defined information, these terms must take the form of a counter statement of war aims subscribed to by the allies. It may be a statement of the German peace terms.

APPLES, CIGARS AND CANDY

Well Wishers of New County Officers Are Given Treat

One custom the war has not hit is that invariable rule of county officials taking office "setting them up." Today the sheriff's office was the place where the "treats were on the house." Ezekiel Jones, new sheriff, and P. A. Newhouse, re-elected commissioner, were the new county officials there in person to greet visitors, but Dr. L. M. Green, re-elected coroner, was there in name only as he is serving as first lieutenant with the 139th field artillery at Camp Shelby, Miss. Apples, cigars and candy were given the well-wishers of the new officers.

Situation is Still Serious With No Coal in City and Several Factories Closed Down

WARMER WEATHER PREDICTED

Pinnell and Tompkins and Case Mill Are Forced to Close, Having No Coal

Two more factories were forced to close their doors today because of the fuel shortage. Pinnell and Tompkins and the Case mill closed for the first time on account of the situation and several others are in danger of having to shut their doors at any time.

The Innis and Pearce factory has procured enough coal to run for some time and has opened up after having been closed for several weeks. The Parke furniture factory which closed at about the same time has not yet started to running.

The Chas. E. Francis factory obtained one load of coal yesterday in time to "tide it over" and has the promise of a carload in the near future. At present their supply is almost exhausted.

Retail dealers, as they express it "haven't one lump of coal," and the frequent calls they receive for any amount of fuel shows that there is suffering on account of the cold and no fuel.

The temperature last night registered as low as 4 degrees below zero. This was the coldest time during the night and at 7 o'clock this morning the thermometer had risen to 6 above zero. A snow began to fall early this afternoon and the prediction for tomorrow is for snow or rain. The weather man also promises warmer weather for tomorrow.

SPIRITUALITY OF DEEPER SORT NEED

Rev. C. J. Bunnell Says Churches Have All Facilities Necessary But This One Thing

WEEK OF PRAYER IS STARTED

Tonight's Service Will be at St. Paul's M. E. Church and The Rev. Mr. Parker Will Preach

The crying need for deeper spirituality was the keynote of the week of prayer meetings struck by the Rev. C. J. Bunnell of the First Baptist church in his address at the opening service held in the First Presbyterian church last evening. A very interested company of people made up of the members of the congregations of the city, attended the first meeting at which a fine spirit was exhibited. The Rev. Dr. H. Lambert of the First Presbyterian church presided, the Rev. John Aiken of the United Presbyterian read the scripture, the Rev. C. S. Black of the St. Paul's M. E. church lead in prayer. Miss Sylvia Wolter accompanied at the organ by Mrs. George Hogsett, sang a beautiful solo, "Just for Today."

This evening's meeting will be held at the St. Paul's M. E. church at 7:30 o'clock when the Rev. Mr. Parker of the Christian church will speak. Everyone is cordially invited to attend the meetings which will continue throughout the week. The meeting tomorrow evening will be held at the First Baptist church when the Rev. Dr. H. Lambert will speak.

"Our churches of today have all means, they have the facilities, they have all they need in fact, even deeper spirituality," began the Rev. C. J. Bunnell in his address as he outlined the need of the churches today and the results obtained if these needs were fulfilled. For his text he chose the first few verses of the third chapter of 1st Corinthians. "And a brethren, could not speak to you as unto spiritual but as unto carnal babes in Christ," and twelfth verse of the fifth chapter of Hebrews, "For when by reason of time ye ought to be teachers, ye have need again that someone teach you the rudiments of the first principles of the oracles of God."

"As the scripture suggests," he said, "today we are babes in Christ when we should be strong and workers for Christ. The churches today need greater efficiency and greater results would be obtained. As we leave this, the old year, and face the New Year let us turn our faces toward to make it the greatest in the spiritual way in the history of our country. We are not as pious as we should be. We are too cold and the little girl who came home from

Only One Divorce Suit in Decade in Early Days Here

Anonymous Article by Granville Cowing, Former Local Editor, Recalls Interesting Incidents

WED AT MUNCIE DECEMBER 20

A columnar article by Granville Cowing, one time editor of the paper which later became the Republican, recedes many interesting things which happened during this ten years. The only one of these was the fact that in a decade and a half so many divorces were granted in this county. The anonymous article was written

of Mr. Cowing. It appears in the Muncie Star as follows:

I entered the office of the Rushville Whig in the spring of 1840, and continued in it as apprentice, journeyman or partial owner until November 1849, my entire term of service after acquiring an interest in the business, covering a period of five years.

Turnpikes, railroads, buggies, carriages, kerosene, Jersey cattle, gas, telegraph, telephone, autos, paved streets, beggars and persons anxious to quit on the American flag were then all of the future. Possibly the people were then more happy than now, as then and at that time, there was no war, no famine, no pestilence, and the present rush for wealth was then unknown.

EACH TOWNSHIP A UNIT IN WAR WORK

Wayne County Suggests That Every Nook and Corner Be Organized As War Working Units

REGISTER EVERY PERSON

Each Township to be Unit of County Each County of States and Each State of Nation

(By United Press.)

Richmond, Ind., Jan. 1.—Organization of every township in Indiana, with every man, woman and child as a unit member for war work, has been urged by influential leaders in war activity of Wayne county. The plan which was the outgrowth of the food pledge card campaign in Wayne county when every woman in the county was card indexed, will be placed before the state council of defense.

The plan includes the registration of every person.

Dr. I. S. Harold, who has proposed the plan said today:

"For the purpose of bringing home to every nook and corner of the country the tremendous part that our nation is expected to take in the world crisis, and to maintain the high ideals, as stated by our president, we should organize every township as a unit of the county, every county as a unit of the state, and every state as a unit of the nation."

"Every citizen should be registered by township and given a registration card. No man or woman over 15 years of age should be exempt from this registration. A copy of this registration card should be filed in the county seat which shows whether the person is loyal, active or inactive, doubtful or disloyal."

"This is the purpose of assisting the state and county councils of defense in war work. It should be conducted under their supervision."

This organization would be available for all war work. It would conduct Liberty bond, Red Cross and food campaigns. In increasing food production, the agriculture department could use such an organization to reach the farmers.

COLD HITS SAMMIES IN MARCH IN FRANCE

After The Hike, They Rest in Village in France Suffering With Frozen Feet and Frostbites

(By United Press.)

American Field Headquarters, Jan. 1.—A certain picked crack-jack division of American troops broke a heart-breaking hike today with a rest in a certain ancient village in France with dozens of its men crowding hospitals with frozen feet, frost-bitten faces and other ailments due to the bitter cold.

The marchers arrived at a group of primitive villages last night after fighting the wind in their march for many hours. After a supper of hot soup and stew the Sammies crawled into barns fully dressed. They wrapped up in their heavy blankets to keep warm.

INDIANA SENDS SONS TO FRONT

Active State Militia Being Organized For Drill and Service Only Within State

THREE REGIMENTS ORGANIZED

20,000 Volunteers Have Joined Regulars and 2,000 in Navy—Both Far Surpass Quota

Indianapolis, Jan. 1.—Indiana men are being called on to enter many different lines of military activity and service in the big war emergency. The regular army has drawn from Indiana in the last 8 months some 20,000 men, volunteers, though the state's quota was only 5,400.

More than 2,000 Hoosier boys have gone to the navy, though the state's quota was only 800. Indiana has more than doubled her quota for the United States Marines, another volunteer force. These land and sea fighters, the regulars, the navy men and the marines, have gone into the nation's military service to fight when and where they are needed.

The Indiana national guard, made up of volunteers, and including a brigade and part of a second brigade in large part has left the state and will continue to organize for duty outside the state and outside the country as needed. The national guard has been federalized and the Second Artillery now forming is being federalized for foreign service along with the regulars.

The departure of the Indiana national guard makes it necessary to organize the active state militia. Three regiments of the active state militia are in process of organization and will be equipped and trained by the state for service within the state only. The organization is to cover the state. Motor transport corps are being organized to operate with the state militia in emergencies.

The sedentary militia includes all the men in the state who are more than 16 or under 45, the force comprising some 250,000 citizens who, by proclamation of Governor James P. Goodrich, are called on to organize and train in their communities and hold themselves ready to answer the emergency summons of the executive for service within the state.

GERMANY PREPARES FOR OPEN WAREFARE

Since Middle of Year Gun Factories in Germany Have Been Turning Out Heavy Guns

QUADRUPLD ARTILLERY

(By United Press.)

With the French Armies, Jan. 1.—Germany is preparing for open warfare again.

It was learned on high authority today that since the middle of 1917 Teutonic gun factories have been busy turning out heavy guns designed especially for this sort of battle.

Information obtained from high sources shows that since the beginning of the war the Germans have practically quadrupled their heavy artillery. The average is now eight and a half batteries for each infantry division.

Doctors Are Boosting It

Still the good work goes on, soon there will not be any more tired, nervous people in our city.

This is caused largely by the widespread use of Phosphated Iron, the new tonic and nerve bracer that has sprung into instant popularity with the medical world.

Phosphated Iron will help any run down, nervous condition almost immediately. It will put fresh iron in the blood, the phosphates taking hold of the nerve centers and bracing them up. You will eat better, sleep better and get up in the morning feeling like doing things; you will feel the old-time vim and snap of youth surging through your veins; you will tackle the day's work with confidence and a smile.

Science has taught us that when we have enough Iron and Phosphorus in the blood and nerves we are healthy; that almost all conditions of ill health and nervousness are due to the lack of Iron or Phosphorus. Phosphated Iron rarely fails to supply the needed amount of both.

Use Phosphated Iron one week and you will forget you were ever nervous, tired out and run down, you can feel it taking hold.

Special Notice.—To insure physicians and their patients receiving the genuine Phosphated Iron we have put up in capsules only, so do not allow dealers to substitute pills or tablets; insist on the genuine in capsules only.—PITMAN & WILSON and leading Druggists everywhere, Rushville, Ind. (Adv.)

HE NOW LAUGHS AT THE MEN AT THE TABLE.

This Man Was Always Ill at Ease While Waiting for His Dinner, Until—Pepsinco.

He would order a few little things and see visions of pains, nausea, misery and everything but enjoyment when they were put before him. Much or little never failed to leave the same miserable, disagreeable, sick headache feeling. He had to eat and suffered the consequences. He thought he was doomed to eternal chronic stomach trouble. He doctored, used many remedies, but no help.

A stranger, a good Samaritan, in his condition, asked him the reason; offered him Pepsinco, and now a happy, smiling diner waits the steaming dishes.

If your stomach bothers; if your food sours or disagrees with you; if pains follow a meal and a headache is a rule, stop at the drug store and get a small bottle of Pepsinco now today.

Thrift Stamps Teach Saving

The sale of War-Savings Certificates and their subsidiary Thrift Stamps have two objects in view. One is to obtain from persons with small incomes a fund of \$2,000,000,000 to aid the government in its war for the protection of free institutions not only in this country but among all the peoples of the earth. The other object is to train the persons from whom the money is obtained in habits of economy and thrift by giving them practical experience in the profit that accrues from accumulating interest. This may be called the "Thrift Side" of the campaign now going on all over the land.

The power of compound interest is enormous. It has been computed that if the Indians on Manhattan Island had placed the \$25.00 received for it at compound interest at 6 per cent, they would now, some 300 years later, be able to buy New York City at its present assessed valuation. But take a humbler illustration from an actual occurrence.

In 1910 a wage earner applied for a life insurance policy of \$1,000. The medical examiner found traces of an insidious disease and so reported, but also recommended that a 10 year payment policy might be safely issued as the disease, in all probability, would not prove fatal within that time. The company, however, declined the insurance and the physician thereupon advised the applicant to deposit in a savings bank the same amount yearly that he would have to pay for the \$1,000 policy. The doctor forgot the incident but in the fall of 1917, the man recalled it, said that he followed the advice and little by little increased the amount of deposit, finding the larger payments easier from sheer force of habit. The result was that he had just been looking over his bank-book and found \$1,400 to his credit, a sum that was increasing itself more than \$50 a year.

This is the Thrift side of the War-Savings proposition. It encourages economy to get the money, and then inspires further economy by the growth in interest. The War-Savings Certificates will in just this way grow for five years. Then some other place will be found for safe and profitable investment. Then the person, who in 1918 started his first savings by purchasing Thrift Stamps, will doubtless have also a nice little sum in a savings bank to add to his investment.

Bread Bonuses Frowned On

Premiums, bonuses or rebates offered to stimulate the sale of bread are frowned upon by the Federal food administrator for Indiana, Dr. Harry E. Barnard. Members of County Councils of Defense and other interested patriots are asked to assist in preventing this effort to provoke over-buying, by reporting promptly any such instance as may come to their notice.

As it becomes apparent the price of bread is too high or too low to be consistent with national health,

SERG. KIDD WRITES OF ARMY LIFE IN FRANCE

The letter received from Sergt. Linneaus Kidd of Brazil and now with the Rainbow division in France will be of interest to the friends he has made on his frequent visits in this city with Mr. and Mrs. G. P. McCarty. Sergt. Kidd speaks of Tom Saunders of this city, who is also in France. The letter follows: "With the American Expeditionary Forces, November 13, 1917.

"Dear Dear Waneta: "Just a line to let you know I am getting along fine. This has been a typical fall day and the morning was ideal for a hike. Sunday, Sergt. Lacey and myself took an afternoon stroll through the surrounding country and I never witnessed any more beautiful scenery—through immense estates, over hills and valleys by path—a fellow could write a book on this experience and not tell it all. We ended up at a hotel and had a dandy chicken supper. It was dark when we returned and along the road we met a native. We spoke as did he. He started to jabber and we to listen. After guessing foot ball game, fire and automobile accident to be the drift of his conversation, we finally understood that we were on the wrong road to camp, and he was telling us the proper route. We thanked him in his own language, and went on, so you see I am picking up a word or two now and then.

"The people here are exceedingly polite. I went in to town one night last week to the municipal bath to get cleaned up. It was very interesting. I mentioned to Dad about a treat to the bunch out at school on Christmas.

"We are getting fine 'eats,' but you can make the best candy I ever tasted. I saw Dale Girton last week. Tom Saunders of Rushville, a friend, looked me up Sunday while I was gone, but I have been trying to get in touch with him ever since.

"Must close now, with love,
Your brother,

ZEPPLINS A FAILURE

With the French Armies, Dec. 29.—German Zeppelins progress, announced with boastful pride in 1914, was announced as a failure today. The figures available show that out of the thirty-three put out in 1914, only thirty remain in the service, eight being detailed to the North Sea, two in the Baltic and three school ships.

WEATHER FOR WEEK

Washington, Dec. 31.—Fair weather with rising temperature is predicted for the first half of the week, this will be followed by snow on Sunday and a storm on Monday.

Children of The Sixth Grade Write Patriotic Poems

A recent assignment of the sixth grade was for the children to write patriotic poems. Two of them appear here, the first one by Lois Ethel Steffy, entitled, "The Boys of the U. S. A."

The boys of the U. S. army
On the land and on the sea
Are fighting and giving their lives to
This land secure for me. [make]

Oh, great and gallant boys
Of the good old U. S. A.
You are giving your Uncle Sammy
All you have today.

You fight on land and water
And in the foreign air
In every kind of weather,
On rainy days and fair.

And how can I repay you?
Oh, soldier boy of mine,
You give your all to the U. S. A.
When you go to the firing line.

The following is by Hazel Taylor, entitled, "War."

The dove of Peace ascended
And lay under the stars and stripes
And while they floated they blended
With the fields of grain so ripe

But as the people cry and cheer
And this flag so just and right,
A shadow of the land appeared,
A shadow black, yes, black as night

What is the shadow? O, 'tis war,
A shadow which rent and torn
The homes and people.
Yes, 'tis war.

"Oh stay," they cry to the dove of Peace
"I can't, I must go 'till war doth cease."

And then the horrors of war appear
And laugh at the people and scream and jeer.

"To Arms," cries the eagle,
"We must stand for the right."
And then brave boys come forward
and say
"We will fight."

A New Year's Greeting

This is the Season when our habit is to review the year that has just closed and to prepare for the New Year. Strange conditions have surrounded us the past year and we face a future unusual and uncertain. At such a time every person should plan that he may render the most effective service to his country.

Loyal citizens everywhere will be called upon by our country's need, and the response of our people should be certain and generous as it has been to every appeal in the past. Preparation now is essential. It is the part of prudence to save and conserve in every material way that we may do our share in aiding Rush County to discharge her full duty in this National Crisis.

May the Year 1918 be rich in blessings for all our people, is the wish of

Was Feeling All Run Down.

Symptoms of on-coming kidney trouble deserve prompt attention, for neglect invites serious illness. Louis Buckner, Somerset, Va., writes: "I was feeling all run down; tired, with pains in my back. After taking Foley Kidney Pills I felt like a new man." Backache, rheumatic pains, stiff joints, sore muscles, swollen ankles, puffiness under eyes, and sleep-disturbing bladder ailments yield quickly to this time-tried remedy. A boon to middle-aged men and women. F. B. Johnson.

DIVORCE SUIT IN DECADE IN THE EARLY DAYS HERE

Continued From Page 1

man who endeavored to make the round trip every two weeks if not delayed by mud, floods and unbridged streams. On him and his mules we relied for printing paper and canned oysters. Fresh oysters were not known of at that time. We never quite suspended publication from lack of print paper, but twice we placed subscribers on half rations by issuing only a half sheet.

Ague was then the most general disease and every one was liable to have it when not loaded with quinine.

Only about thirty newspapers were then published in the state and no daily, I believe until about 1845, but tri-weekly issues were made during the sessions of the legislature. The rooster became the emblem of the Democratic party in 1840 after Chapman, editor of the Sentinel, was told "to crow" in order to revive the courage of the rank and file of his party.

In my ten years residence in Rushville I believe only one divorce case was tried and it was a matter of general interest throughout the country. Indiana papers then published no neighborhood news. Had their ordinary movement been printed as they now are every day, there would have been fights innumerable. Marriages and deaths were published but births were never announced.

My partner was one of the best young men I ever knew, but he was not a printer, but was well educated and soon became a fair compositor and able to perform all our press work. We had but one press for both newspaper and job work and the type was inked by an apprentice. Our hours of labor were measured by necessity. Twice while I was an apprentice, two newspaper forms were pried in our office, and in each instance I labored at the case for thirty hours without sleeping or resting and did so most willingly because of my affection for my employer.

I spent my first six months in Washington City in 1850 in the office of the National Era, the national organ of the Free Soil party, in which Mrs. Stowe's "Uncle Tom's Cabin" originally appeared. The paper was edited by Dr. G. Bailey and John G. Whittier, the poet, and in its large composing room William H. Seward, of the anti-slavery party often came to consult together. One of the publishers of the paper happened to hear Seward deliver his notable Higher Law speech in Congress and before leaving took orders for 60,000 copies of it from the others. During that year Henry Clay, Daniel Webster and John C. Calhoun were often seen on the streets of Washington.

Thomas Corwin, secretary of the treasury gave me a very pleasant place in his department in 1850 which I retained for seven years when ill health from the use of tobacco, forced me to resign it and locate three miles north of Muncie, where I remained for fifty years engaged in agriculture and horticultural pursuits, in all of which I have found exquisite pleasure and constant improvement in health. I quit tobacco fifty-four years ago.

Since locating in Delaware County, I have kept in touch with many of the newspaper men of Muncie. Fuller Ethell is still able to write so interestingly of bygone days in Delaware County from his home in the Far West. Perry S. Heath, when young was foreman in Mr. Ethell's printing office and was remarkable for his attractive manners which no doubt greatly helped his rapid advancement when he went to Washington, D. C. Thomas Brady, once owner of Muncie Times, who many years ago was busy in Muncie in newspaper work, is living in Riverside, and in comparatively good health. Wildman and McClung, once recent owners of the Muncie Times, was a notable firm and will long be remembered with affection and respect by many of Muncie's older citizens. Mr. McClung was a fine type of the old compositor and editor, editor for more than thirty years, and Major Wildman was noted for his geniality and kindness.

After locating in Delaware County I was occasionally pressed into service by necessities of some of my Muncie friends and was asked to help occasionally on the Muncie News, once on the Muncie Times and on the Muncie Republican. I have since been asked to help on the Muncie Times and on the Muncie Republican.

FAR FROM STARVING, THOUGH

(By United Press.)

Washington, Dec. 31.—Germany is in a worse position regarding food than this government has believed for some time past. Official figures showed this conclusively today. The pinch of hunger may account for the persistence of Germany's peace movement at this time.

Officials say America should bear in mind that Germany is far from starving today. She is in a position where peace would be advantageous to her and her alone. The Kaiser agreed that Chancellor Hertling should participate in the Brest-Litovsk peace conference, according to a Petrograd dispatch.

This first recent move even remotely representing even stronger democratic tendencies in the German government was regarded as insincere.

SPIRITUALITY OF A DEEPER SORT IS NEEDED

church and said that the text had been "many are cold but few are frozen," when it should have been "many are called but few are chosen."

"The power of a church can not always be determined by the long roll but by the spirituality of the members, by their loyalty, their consecration. Now more than ever, this deep spirituality is needed. We know not when in this great crisis we are going to be called upon to show our depth of spirituality. When the crisis comes, we must have the spiritual power to sustain it. Again, the call comes to us to witness to the things of God. Thirty-five hundred people in and near this city do not belong to church. Here is our call. Some lawyers say that the best witness is the one who knows nothing of the case but that is not so when one is witnessing for Christ.

"Another need is the larger vision. We must get the world's vision to make the heroic sacrifices that must be made. The call comes for us to get knowledge on God's work. In a spirit of prayer, there must be a more intense study of Christ's word. Rightfully to worship God, we must assemble together, this is true Christians must attend the church services. In short then, Christians are called upon to be more spiritual to serve, worship, assemble together and to study the word. By becoming more spiritual, the other results will be obtained."

a short time before the unit left Indianapolis. She stated that May wrote her the last letter from New York a week before Thanksgiving, and informed her that the unit would embark Dec. 2. She says that she had received no direct word from her daughter since that time and that she had not been informed of any illness or injury to her.

Mrs. Miller said that the only indirect word that she had received lately of her daughter was that the Indiana hospital unit had landed in France.

The marriage of Miss Jeanette Applegate of Cincinnati and E. B. Poundstone of this city was solemnized yesterday afternoon in Cincinnati, Ohio. The ceremony was performed by the Rev. M. C. McCuern, pastor of the Walnut Hills M. E. church. Miss Applegate was for a time a missionary in Chihuahua, Mexico. She was also for five years a member of the faculty in the college at El Paso, Tex. For the last ten years she has been assistant treasurer of the Woman's Home Missionary society of the church and been located in Chicago and Cincinnati as the duties of her position required.

Mr. Poundstone is one of the well known men of this city and is engaged in the insurance and real estate business. During the last 40 years, he has been engaged in the furniture business, manufacture of buggies, and real estate business. He is a member of St. Paul's M. E. church and has served in several capacities in which he has been very efficient, as choir leader, Sunday school superintendent, and on the official board.

Mr. and Mrs. Poundstone arrived at noon today from Cincinnati and will be at home to their friends at their home at 705 North Harrison street.

One of the largest and most elaborate social affairs of the holiday season was the New Year's Ball which was given at the Modern Woodmen Hall last night. The hall was profusely decorated with Christmas greens and garlands of the national colors and the music, which was furnished by VanSickles five piece orchestra of Indianapolis left nothing to be desired in the way of dance music. Among the guests, who numbered about one hundred and fifty were many from Copnersville, Greensburg and Shelbyville. The program of dances included many novelties and the jazz music together with the high spirits of the dancers and onlookers gave the affair the general air of jollification which is characteristic of every New Year celebration.

Miss Gladys Bebout entertained with a miscellaneous shower yesterday afternoon honoring Mrs. Will Carter, who was Miss Beatrice Reeve before her recent marriage. At the conclusion of the afternoon the hostess served a delicious one course luncheon, the guests being seated at a large table in the dining room, which was decorated appropriately. In the center of the table was a pink parasol from which streamers of pink satin ribbon led to the place of the guest of honor, holding the various gifts which were intended for the bride. The guests were the Misses Marian Scholl, Marian Sparks, Ramona Eubank, Jean McClannahan, Leah Flint, Gladys Wallace and Mrs. Carter.

Miss Leila Wilson and Parker Willey were married Sunday afternoon at the country home of the bride's uncle, Lee Wilson in the presence of a few friends and relatives, the Rev. J. C. Reynolds officiating. The bride was lovely in a dress of blue satin ornamented with gold lace and Mrs. Albert McConnell and children. The guests included the Rev. and Mrs. Reynolds and children, Mr. and Mrs. Albert McConnell and children, Miss Velvia Phillips, Mr. and Mrs. Lee Wilson and daughter, Helen, and Vernon Spivey. Mr. and Mrs. Willey will be at home to their friends on the Robert Kennedy farm southeast of the city after a short wedding trip.

A reunion of the old schoolmates of the Norris school house was held at the home of Mr. and Mrs. G. P. Mauzy on Sunday. The guests were served with a pitch-in dinner at noon, the decorations for the table being an attractive centerpiece of red and white carnations. The living room was decorated with Christmas greenery and poinsettias. Those present were Mr. and Mrs. Boone Powers, Mr. and Mrs. G. P. Mauzy, Mr. and Mrs. Lew Cline, Mr. and Mrs. P. A. Newhouse, Mr. and Mrs. O. C. Norris, Mr. and Mrs. A. B. Norris, Mr. and Mrs. R. J. Whaley, Mr. and Mrs. J. A. Parrish, Mrs. John Gray and Mrs. Leila Gilbert.

Twenty-four members of the Wil-Hub Club were delightfully entertained by Dr. and Mrs. C. H. Parsons at their home in North Main street last night. At six o'clock the guests were served with a delicious two course dinner and the evening was spent in playing games and with music, all remaining to see the old year out. Mrs. Chester Smith, of Monmouth, Ill., was the only out-of-town guest.

Miss Elizabeth Pearson was the hostess for a pitch-in dinner last night when she entertained the following guests: the Misses Margaret Kelley, Jean Sparks, Phyllis Cassidy and Mary Louise Wyatt and Havens Frazee, George Poston, John K. Tompkins and Harold Miller. After the dinner the young people went to the home of Miss Phyllis Cassidy, where they had a watch party.

Mr. and Mrs. Oscar Rees entertained with an elegant three course turkey dinner at their home near Gings Sunday. The table was attractive with its centerpiece of red and white carnations. Covers were laid for Glen Boyer, Mrs. Boyer, Deanna Hartman, and Mrs. Hartman, and Mrs. and Mr. W. H. Boyer.

ville, and the Misses Leva Conn and Florine Hinchman.

A merry party of young people enjoyed a pitch-in dinner and watch party at the home of Miss Mary Louise Bliss in North Perkins street last night. Those who were present were the Misses Esther Anderson, Dorothy Sparks, Katherine Giffin, Katherine Wyatt, Lois Reeve, Helen Frazee, and Audrey Wirts, of Evansville, the guest of Miss Katherine Wyatt, and Harry Schmalzel, Lawrence Payne, Hubert Alexander, Alfred Norris, Robert Helm, Russell Titsworth, Norman Reed and Dwight VanOsdol. The guests spent the evening in dancing and a dainty lunch was served at twelve o'clock.

The Woman's Missionary Society of the Baptist church will meet Wednesday afternoon with Mrs. E. E. Perrin in North Morgan street. Miss Mildred Stewart will be the leader and the program will include a review of the first two chapters of "The African Trail."

About fourteen members of the Always Present class of the Main Street Christian church held a watch party at the home of Miss Gladys Chadwick last night. At the close of the pleasant evening a delicious luncheon was served.

The Ladies Aid Society of St. Mary's Catholic church will meet Thursday afternoon with Mrs. Charles Moorman, with Mrs. Bert Moorman as assisting hostess. A full attendance is desired as there will be election of officers.

Mrs. Paul Wesling was the hostess for a charmingly appointed dinner at her home in North Willow street today when the guests were Miss Catherine Schetgen, Mrs. Oliver O'Brien and Mrs. Frank Stockton of Muncie.

Fifteen members of the Tri Kappa sorority enjoyed a watch party and midnight lunch at the home of the Misses Jessie and Bertha Monjar last night. A delicious oyster supper was served at twelve o'clock.

Thirty-two guests enjoyed a watch party at the Knights of Columbus hall last night. The evening was spent in playing five hundred and other games and at midnight a delicious luncheon was served.

Mr. and Mrs. Donald Alexander entertained at dinner last night at their home west of the city the Misses Belma Clark and Marguerite Wedcott and Russell Skipton and Donald Sparks.

The Christian Woman's Missionary Society will hold its monthly meeting Thursday, January 3, in the church parlors. The regular program as given in the year book will be carried out.

The Loyal Women of the Main Street Christian church will meet Wednesday, January 9, the meeting having been postponed from this week until next week.

The Women's Missionary Society of the Little Flatrock church will meet Thursday afternoon with Mrs. Laina Holden.

The Pythian Sisters will meet tomorrow night at the K. of P. hall. A large attendance is desired as there will be installation of officers.

Odd Fellows Serve A 'Hoover' Banquet

Judge Will M. Sparks Addresses Lodge at Annual Rabbit Supper Last Night and Degree Team Puts on Exhibition Drill.

"Meatless and wheatless," was the annual rabbit supper given by the Odd Fellows for members and their families at the beautiful Odd Fellows hall last evening and yet perhaps the most successful one ever held. About 175 guests were seated at the long tables arranged in the dining room where the delicious rabbit supper was served. Several members of the lodge dressed as chiefs in white caps and coats served the supper. Corn bread substituted for white bread.

Judge Will M. Sparks was the principal speaker on the excellent program which followed the service of the rabbit supper. The speaker complimented the order on their accomplishments for the past year and the forward step they were taking in patriotic movements of today. A patriotic strain ran through the talk as the Judge spoke highly of the work of Red Cross and urged his hearers to co-operate in the work of that society. The members of Franklin Lodge, number 35, who have already gained fame through their degree team work put on a drill which was highly applauded because of the way it was worked out. It was one of the best exhibitions ever given by the order.

The orchestra interspersed the program with varied and pretty selections and played during the informal social before and after the program. Recitations were given by several children of the members. Russell Perrin spoke a clever piece, "The High Cost of Living," Lillian Gregg, gave a patriotic reading, "Hats Off"; Emerson Price gave a fine reading, "There are Tears in My Heart Today," and Walter B. Keaton gave another good piece. J. T. Arbuckle presided and introduced each of the numbers.

MONTH OF BRIDES IS OUTDISTANCED

October Holds Record For Largest Number of Marriage Licenses Issued in 1917

TOTAL FOR THE YEAR IS 159

The celebrated month of brides was outdistanced last year by the month of October, when Cupid had the busiest time of all his 1917 career. Marriage license records at the court house disclose that twenty-one couples got official credentials to take the step into marital life during October, whereas in June only sixteen licenses were issued. December was the second best month for the marriage license business. A total of 159 licenses were issued during the year. In 1916 there were 141 issued.

The licenses issued by months were as follows: January, 11; February, 15; March, 4; April, 18; May, 5; June, 16; July, 15; August, 14; September, 10; October, 21; November, 12; December, 18.
